Description

The **I AM** recording incorporates powerful affirmations and

techniques to clear limiting beliefs, and encourages you to create positive changes (in your

body and your life) through the power of your subconscious mind.

The **I AM** recording includes powerful affirmations around the issues of health, wealth, happiness, love, success, balance, worthiness, and more, and you are encouraged to acknowledge and accept that all the answers are within you.

The **I AM** recording is best played when you are resting comfortably, and it doesn't matter if you drift off to sleep whilst listening. The **I AM** recording is best played every day, for thirty (30) days in a row, or longer if you wish, until you achieve your desired outcome. The intention for the **I AM** recording is for you to access your inner wisdom, through the power of your mind, so that you can create positive changes in your body and your life, and allow your subconscious mind to release limiting beliefs that are no longer in harmony with the positive affirmations

and/or your aspirations in life.
